We will save your students money!

Dear Educator,

Welcome back! Thank you for taking the time to familiarize yourself with our company and the exciting tours we offer.

It has been almost 4 decades since One If By Land Tours has been organizing student tours. How does this impact upon your decision regarding a tour company? Our reputation throughout the tour and travel industry is impeccable. We are able to negotiate excellent rates on behalf of the schools we represent. In addition we are awarded great flexibility when it comes to the reservation process.

We are proud of the success of our programs for the New York Metropolitan Area schools. Not only do we save the students a considerable amount of money, the quality of the product surpasses what they have experienced in the past.

What makes us different from our competitors? We are always searching for new and unique attractions that will appeal to students. Our tour planners get to know your student population and customize itineraries that will appeal to them. In addition to hiring local guides for sightseeing tours, your tour is accompanied by experienced and trained tour directors.

Security has become paramount in the eyes of parents and educators alike. All of our overnight tours will include private security free of charge. What is piece of mind worth?

All students and chaperones on extended tours will receive a destination T-shirt free of charge . This will not only help with chaperoning, but will promote school pride.

I personally welcome the opportunity to discuss any tour plans your school may have. Let us offer a no obligation quote.

Have a successful school year.

Yours truly,

Stuart Weisberg
